

HR leaders today have the power to shatter the old, backward-looking, compliance-driven performance management model that works against everyone’s best interests. Modern performance management is transformative. It enables employees to be their best selves at work every day, in turn helping businesses achieve their most ambitious goals.

## Make Work Better.

### Modern, people-first performance

Make frequent, meaningful conversations a habit between managers and employees. Gain insights that help HR boost engagement and retention, advance top talent, improve workforce performance, and reduce bias in promotion decisions. Betterworks is an intuitive, lightweight, and enterprise-ready SaaS solution that’s designed to promote an employee-first, performance-enabled culture.

### Solutions focused on you

#### Conversations

Lightweight, flexible check-ins supporting frequent, meaningful conversations.

#### Feedback

Real-time peer and manager feedback with consistent recognition of work well done.

#### Goals

Agile, continuous, relevant goal-setting aligned with business and professional development goals.

#### Employee Engagement

Honest, real-time feedback to develop action plans.

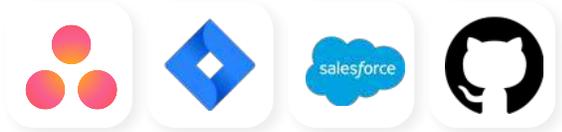

#### Calibration

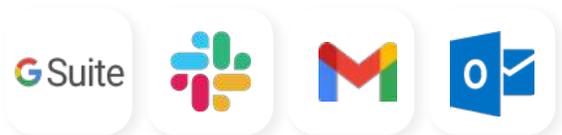

Remove bias from performance reviews with employee insights.

### Everyday performance

Seamless integrations deliver more value, providing lightweight performance in the tools you work in every day.

#### Automatic goal updates

#### In the flow-of-work

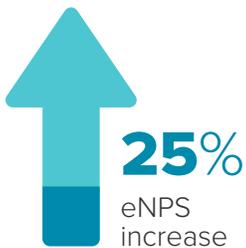

#### Synced with core HRIS

# Why Betterworks

## Leading the market with innovation and results

Betterworks promotes employee-first cultures that empower managers and employees to drive their own performance. Our people-centric technology and change management program expertise reimagine the experience of work to make it what it should be: **rewarding and powerful for all**. Experience real results with a modern, enterprise-ready, intuitive and interconnected SaaS solution that turns performance management into performance enablement.
